Subject: business meeting agenda item
Attachments: 2005 financial report.xls

Hello All

Please find attached the financial report for the previous year. Please take a look at it and let me know if you have any questions. Because, I am sure that if you do, then others will as well.

Also, I would like to bring up as a **topic of discussion at the business meeting the idea of increasing our investment contribution to our Fidelity Investment each month.** It has been growing on its own but not a vigorous rate. I think we could contribute \$50 per month automatically without any problems. Also, we could reinvest the annual growth back into the fund.

Anyway, just some thoughts.
