

ICTWS Mentoring Program

Objective: to connect undergraduate and graduate students with a career professional in the wildlife field.

Students

- Commit to a mentoring relationship (Chapter website)
- Contact a mentor (Chapter website)
- Develop a plan
- Write it down and stick to it
- Provide feedback to the program

Mentors

- Commit to a mentoring relationship (web)
- Contact a student (web)
- Develop a plan
- Write it down and stick to it
- Provide feedback to the program

Mentor a Student

A **mentor** is a more experienced individual, who helps and guides another person to learn new skills and gain knowledge. This guidance has no cost, but does have a great impact by producing more and better wildlife professionals to carry on our work.

- Launch Summer 2012
