Mr. Martin Zimmer
Manager, Boise District, BLM
3948 Development Ave.
Boise, Idaho 83705

Dear Mr. Zimmer:

The Idaho Chapter, of The Wildlife Society supports your efforts to establish wilderness zones in the Duncan Creek, Big and Little Jacks Creeks, Owyhee River, Upper Deep Creek, Sheep Creek West, and Bruneau River areas. These lands are valuable examples of the high desert ecosystem and their protection is important. We also support the BLM's position not to put a pipeline for livestock watering in the Little and Big Jack Creek areas.

Thank you for this opportunity to comment.

James F. Gore, President
Idaho Chapter
