IDAHO CHAPTER
THE WILDLIFE SOCIETY

10658 Winterhawk
Boise, Idaho 83709
February 1, 1980

Representative,

The Idaho Chapter of The Wildlife Society strongly urges your support of three very important conservation issues. Curbs have to be placed on poaching and habitat destruction. We urge you to vote for the following positive conservation actions.

1. S.B. 1283 - Action to raise hunting and fishing license fees to allow the Idaho Fish and Game Department to keep up with inflation and add more conservation officers.
2. H.B. 371 - Action to increase fines for illegal killing and wasting of game animals.
3. R.S. 4889 - Action to implement a \$5.00 pheasant stamp to provide funds for habitat improvement.

Again we ask that you support these actions.

Sincerely,

James F. Gore
President

cf: Director, ID Fish and Game Department

The Idaho Chapter of The Wildlife Society represents over 200 professionally trained Wildlife Management Scientists.
