BOISE

CECIL D. ANDRUS
GOVERNOR

June 5, 1975

The Honorable James A. McClure
Room 2106; Dirksen Building
Washington, D.C. 20510

Dear Jim:

Thank you for the thoughtful courtesy extended to my office by providing me with a copy of the amended version of the Hells Canyon bill which I understand passed in the form submitted to me.

Section 6a of the bill has been the source of controversy by many of the opponents of the Hells Canyon measure. Nevertheless, I am confident that the most recent language in that section will protect all of the aspects of upstream use and development that have generated the criticism.

Again, thank you for keeping my office up to date on the Hells Canyon issue as it develops.

Sincerely,

CECIL D. ANDRUS
GOVERNOR
