Honorable James McClure:
Payette County St. Senator
Boise, Idaho.

Dear Mr. McClure:

There are many things I do not understand in this whirling sphere of confusion BUT I'm certain you will agree with me there is nothing more important to any of us than the heritage of children!!

In the new Economy Bloc (in itself an ambiguous appellation) nevertheless won't you please hear and listen to the voices of mothers of children in their plea that you and others will make every effort to obtain a 65 million educational budget with supporting sales tax if necessary - so that our youth of Idaho may at last look forward to ~~the~~ equal privileges

and opportunities in education. They deserve this — and remember they didn't ask to be born. Not meant to be flip — but let us face facts and shoulder our responsibilities —

Sincerely and respectfully —

Elizabeth H. Brooks

(Mrs.) Crille Brooks
mother of five
and tax payer.
