

For Res 1-2

October 17, 1979

Max Peterson, Chief
Forest Service, USDA
Box 2417
Washington, D.C. 20013

Dear Chief Peterson:

This current fire season has brought a number of questions concerning fire policy on national forest lands. It would be helpful to me to have a listing of each individual fire by name, on national forest lands in Idaho, the fire policy in effect for each fire, cause of fire, acreage burned, estimate of cost to fight each fire, brief statement of forest values destroyed, problems and/or benefits to be derived in the future, along with an update on current timber dead and dying situation by general location and opportunities for salvage.

S

Sincerely,

James A. McClure
United States Senator
