

Cartersville Georgia. September, 28, 1864

Dear Father & Mother,

I set down with pleasure to write a few lines to you, I am well at present & I hope these few lines will find you all in good health. I am to Cartersville now 40 Miles from Atlanta but the most of our Regiment has gone to Atlanta all but a few that was not able to march & we are to go in a few days on the Cars we are going to move every thing the sick & the General & all are going to Atlanta within five or six Miles of the place, My health is better than it was when I first came to the Company from Bridgeport. I was one hundred & 34 My General Rate is one hundred & 40, we have not been paid of yet, but I think we will be paid when we get moved, we do not get much to eat now but corn-bread & bread coffee & tea, but I can stand it very well & live in hopes of better times, there
