

Mother you wrote that
James Preston was going to
Minnesota to buy a farm & that
he wanted you to sell out and
go to. Father you can sell
the place & go I think it is a
good country go out there &
buy land cheap for us both
there lots of prairie land
& you want to buy some
timber if you can buy cheap
by about 3 hundred acres I want
one hundred & fifty acres will
make a good farm. & but be
sure to buy the land where the
timber & about one hundred
acres of timber & by where uncle
James, I had best as lives
you would go as not for I
want to get out of that water
hole / black bird hole, & then the
neighbors. It may be late to go
now but I guess not if James
gone you can go just as well
