

and says I see that you had got
some of y^r famous Indian Medicine and had
got his name and she wants to see
if you have got any for his for she
would like to have some very much

Alma April the 1 1889

dear aunt and unkel
it has ben a long time since we
have herd from eney of you. so
i wil break the silance but it is
with lad mes for you. wel ant
adeline pa is dead he died the 17
of March he was sick over six
weeks. he was taken with the
informaton on the lungs and was
very sick with that. but he had
got better and than he was taken
with the cronick diarrah and he
only lived three days af after he
was taken. but he was ready to die
he had giv all up to the lord
and died easy and happy in
