

Corrections for PAAA Tape

MUSIC

- 1- Have music at beginning while title is running (perhaps run title a few seconds more.)
- 2- Then at end of Loreca's first speech when she says "Other Faces"
- 3- At end while titles are running

BUMPS

- 1- Hard to read bottom part
- 2- Need cleaner transition to bump-(shouldn't see people still talking with no sound right before bump) Loreca's voice should start as soon as we see the bump.

SUBTITLES

- 1- Always use the term "Chinese American," "Japanese American," "Filipino American."
- 2- Give name under person starting from the first time we see them and give names several times so people get to know who is who.

Some people didn't get their names at all- Michelle Chin little girl on floor when Marie is talking. Sharon Vega when discussing marriage. Mary Lew and Clarie Chin when first seen etc. White guy married to Ludee- his name is Ted.
