

*Camp Easter Seal*

June 19, 1974

Mr. Paul Hammond  
Executive Director  
The Easter Seal Society  
West 510 Second Avenue  
Spokane, WA 99204

Dear Paul:

I am enclosing photos that we have made of four different approaches to the redesigning of Camp Easter Seal. This project was recently conducted by the Washington State University Landscape Architecture Program, Mr. Ken Struckmeyer, instructor.

You will note that the approach that each of the four teams used was somewhat different. We will probably want to utilize this material for a meeting with our Joint WSU-Easter Seal Camp Advisory Committee.

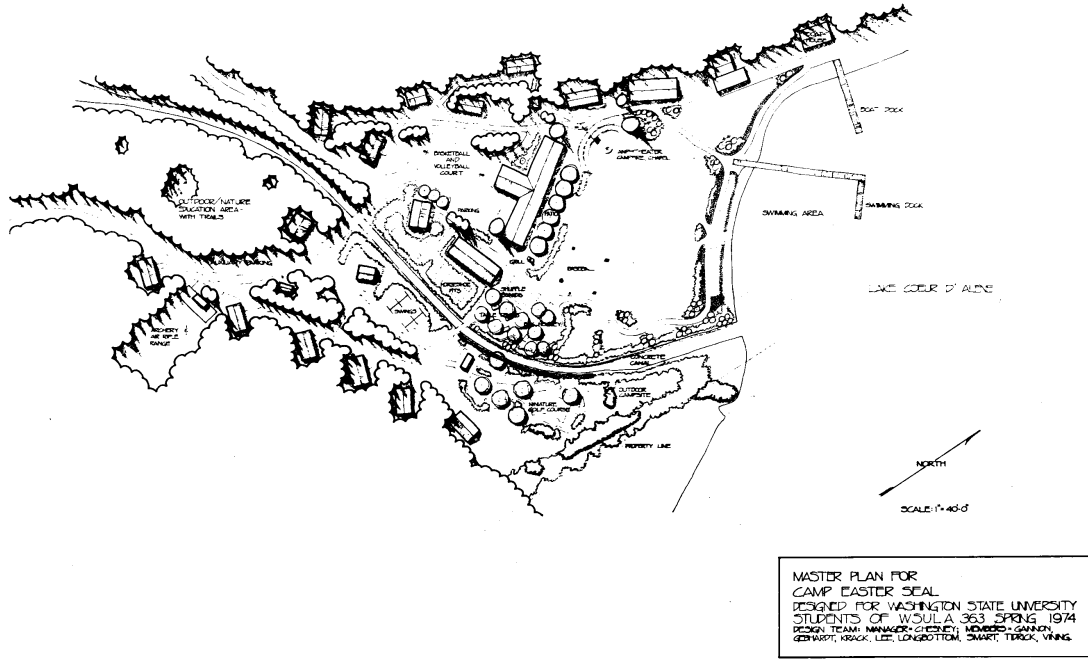

Sincerely,

Roger C. Wiley  
Chairman
