Dear Mr. Plastino:

The old elementary school at Roberts has been recommended to us as having historic value to the state of Idaho, and as a building worthy of inclusion in the National Register of Historic Places of the National Park Service. Feeling sure that you share with us an interest in our state's colorful past, we should like to request that you use your influence to avert action detrimental to this building until investigation can be made of its historic and architectural merits.

If accepted for inclusion in the National Register, the Roberts school house will qualify for Federal matching funds for restoration and preservation. The Idaho Historical Society is the nominating agency for the state of Idaho, assisting local groups with such projects. If we can be of help please let us know.

Sincerely yours,

Arthur A. Hart
