Mr. Ben J. Plastino
[REDACTED]
Idaho Falls, ID 83404

Dear Ben:

It's hard to imagine that you will not be part of the political news scene in the coming years, and I guess part of me just doesn't believe it.

Your record is indeed unmatched, Ben, and I hope you'll still find some time to let us have your observations on political events in Idaho. I've asked that your name be taken off the mailing list, as you requested, but if you change your mind, just let me know.

With congratulations on a distinguished career, appreciation for the steady voice you have brought to journalism and best wishes for a happy retirement,

Sincerely,

A handwritten signature in dark ink, appearing to read "Cecile", is written over the word "Sincerely,".
