

January 20, 1984

Dear Ben and Margaret:

Many thanks for your wonderful card
during Frank's hospitalization.

The outpouring of love and concern,
especially from our friends in Idaho, is so very
heartening. Although Frank is unable to respond
personally at this time, he wants you to know how
deeply he appreciates your message, and how much
it means to him.

You were dear to think of us.

Affectionately,

Bethine
