Dr. Frank B. Robinson  
Moscow, Idaho

Dear Sir and Friend:

Last winter a friend of mine in Seattle who had been studying "PSYCHIANA" was kind enough to loan me the Course of Lessons and I am happy to say that I have found what I have been searching for these many years. God bless you Dr. Robinson for having shown me the way.

Everything was going wrong for me until I began to study "PSYCHIANA" and now things are beginning to get better for us. My wife's health is better and I am now well. The Living God has taken from me the tobacco habit for which I am very thankful and the Living God is always with me wherever I go. He is always there and I can commune with Him.

Dr. Robinson, I have a friend here who has been very sick for the past three years. Many of the noted doctors have given him up saying there is no cure of any kind. I went to him about two weeks ago and told him about "PSYCHIANA" and what it is doing for so many people. I also asked the Living God to help him and thanked Him for having heard me and now this man is getting better and I am sure that if you will kindly help me with him he will get well. His name is L. M. Stewart and his address is 114 2nd St., Shelton, Wn. I know they will be interested in "PSYCHIANA." Mrs. Stewart has done everything to help him get well but she has failed so far.

Thanking you from the bottom of my heart and God bless you,

I beg to remain your friend,

J. O. JOHNSON.

EDITORIAL NOTE:—This is but one letter taken at random from thousands I have in my files. These letters PROVE, beyond any shadow of doubt that the Power of the Spirit of God is more than abundantly able to rectify and straighten out any life accepting this Great Power. I don't think there is a man in existence who has as much proof of the literal healing power of the Spirit of God as I have. I am nothing. Never will be anything. Never want to be anything other than a channel through which the healing and revitalizing Power of the God-REALM may flow.—FRANK B. ROBINSON.
