

# JUST ONE EXAMPLE OUT OF HUNDREDS OF THOUSANDS

On October 31, 1941, at 8 o'clock in the morning, a gentleman called on Dr. Robinson in his study. He had come all the way from Alameda, California to tell Dr. Robinson what "PSY-CHIANA" had done for him. Here is his story over his own signature:

*"In 1936 I was a failure. I was working on W.P.A. and had nothing. I was despondent. Every time I tried to accomplish anything for myself, I miserably failed. Then one day I saw Dr. Robinson's God-given advertisement in Physical Culture magazine. I sent for the Lessons, but I was unable to pay for them. And then, everything began to change. I found the Power of the Spirit of God in my own life, and I have made the trip from Alameda, California to Moscow, Idaho, just to shake Dr. Robinson's hand and thank him for his God-inspired message (and also to pay my old bill).*

*Today I am happily married and have a fine family. I own my own business and home and am financially secure. I am driving a beautiful car, and everything that life can give me, I have. In fact, I couldn't want for anything more, and I attribute all this to the Power I found in the "PSYCHIANA" Teaching.*

*If anyone sees this letter and is discouraged or can't find God, let me beg of them to study with Dr. Frank B. Robinson, for he knows how to make God a Living Reality to this world. The old ideas of God never did register with me. But now—well, I am the very happiest man this side of eternity, thanks to Dr. Robinson's marvelous Teaching, 'PSYCHIANA.'*"

*Signed voluntarily and gladly,*
