

"For Rent— A Cross"

TO AMERICANS EVERYWHERE:

If I were to be asked what I consider the supreme achievement of my life, I should reply, "Writing, 'For Rent—a Cross.'" In this sensational book I have brought to the American people, in this, the hour of our greatest need, the actual truths of who, what, and where God is. Not the traditional virgin-born crucified "god" of theology, but God—the Scientific Principle and the Creator of this universe. This book will, in my opinion, prove to be the most sensational piece of literature the world has ever seen. It reveals how all men everywhere may actually and literally find and use the Power of God here and now. It shows how this horrible war can be stopped in 48 hours by Americans using the Power that is God. Humanity has not had this conception of God brought to it ever. It is sensational. When you have read this book, please give it to someone else, so that it may reveal God to them.
