TO ALL ENQUIRERS

From time immemorial--ever since the first little germ of life appeared on this plane, the throbbing desire of every human heart has been for happiness. First happiness--then success--then peace. But the realization of that throbbing, surging, heart's desire has not been achieved. Happiness has eluded the human race. Success has come but to the few. But human lives the world over are finding the Power of the God-Law. They are finding not only peace, but happiness, and material and spiritual abundance as well. They are learning that there does exist, a Power which is so staggering in its immensity, that with no effort at all, it swings yon celestial galaxies into space and keeps them wheeling in their orbits--with never a miss, never an accident.

Have you seemed as a piece of flotsam or jetsam on life's troubled sea? Have you been frustrated at every turn? Have you accomplished what you wanted to accomplish? Are you filled with dynamic Power which rides you over every obstacle life offers? Or are you defeated at every turn of the road--unhappy--miserable, struggling frantically to keep the wolf from the door? Does the spectre of old age face you with its ghastly grin, finding you utterly unprepared to meet it? Or have you accumulated sufficient of this world's goods that the evening of your life may be serene and peaceful? You know the answer to that--we don't.

What we do know is that if you will let the God-Law operate in your life, all your failures will be turned into success, and glorious success too. ALL the unhappiness will vanish as the morning mist before the rising sun. All of your poverty will be replaced by the infinite magnitude of the Power of the great God-Law, and certainly such a Power as that, which swings yon planets in their orbits, and which counts even the very hairs of your head--CAN GIVE YOU THE FEW THINGS WHICH YOU NEED TO MAKE YOUR LIFE AN OVERCOMING VICTORY. Do you believe that such a Power exists? We do. We KNOW it exists. And we want you to know it too. You will have to take our word for it until you join us in our studies together--but it won't be very long until YOU, TOO, KNOW that such a God-Law exists and can supply your every need.

We are not interested in your money. We have, of course, to meet our expenses and obligations, and it is but right and just that if we bring to you staggering truths, you in turn should pay something for them. But how little is the cost. Can any sum of money reward us for showing you the truths of the God-Law? We don't think so. All we ask you to do is to let us show you what the God-Law can do for you. That's all we ask. We'll stand or fall on the God-Law. But YOU must mail the enrollment blank--we cannot do that for you. Will you do it now? Play fair with yourself--"For when the One great Scorer comes, to write against your name, He asks not if you won or lost--but HOW YOU PLAYED THE GAME." Play it now.

Cordially yours,

Frank B. Robinson
