"PSYNA"

My dear friend:

Unquestionably you are worried over the future. You don't know what that future will bring forth. Neither do I. But there is one thing I do know. I know that this new discovery of the Power of the Spirit of God is the most staggering discovery humanity has ever made.

For thousands of years, nation has fought nation. Human blood has bathed the earth. But never in such a ghastly manner as it is doing that today. Never before has whole world been afire. But it's afire now--no mistake about that. And the thing that puzzles everyone capable of thinking is why there does not exist some spiritual Power, or some other sort of a power which can bring this ghastly wholesale murder to an end. Why is it that despotic nations must start out to conquer the whole world, ruling this earth by a brutal despotism?

Let me tell you why that is. To date, the actual truths of God have not been brought to the earth by any religious organization. Theories of God?--to be sure. We have oodles of them. BUT WE KNOW OF NO POWER WHICH CAN, RIGHT HERE AND NOW, STEP INTO THIS WORLD'S GHASTLY PICTURE AND BRING THESE DICTATOR NATIONS TO THEIR KNEES. You know that as well as I know it.

But there should exist such a Spiritual Power--and there does. This is the amazing part of the "Psychiana" pictures. It is bringing to the human race, an utterly new conception of Almighty God. We have removed God from the "starry heavens" and have discovered the stupendous fact that you and I, and every created human being, may actually find and draw upon the Power of the Spirit of God right down here on the earth. That, certainly, is a staggering discovery.

Not only can one use this newly-discovered Power of the Spirit of God for his or her own personal needs, he or she can use it against Hitler and the Jap. And believe me when the American people begin to throw the Power of the Spirit of God against these war-mad assassins, they will come to their end in short order.

This is a staggering Power my friend. It's the most amazing spiritual discovery of the ages. Many have taugt that God can do this or do that, BUT WE ARE SHOWING THE AMERICAN PEOPLE HOW TO ACTUALLY AND LITERALLY DRAW UPON THE SUPREME POWER OF GOD. When man can do that, he can do anything, can he not?
