

ANCIENT TREASURES

Were Hidden Under Smooth Sands

BUT—

a more **PRICELESS TREASURE** can be found and **USED BY YOU**—if you will but stretch forth your hand!

Listen carefully to the story of a person—like yourself—**who decided to find this Treasure:**

"About a year ago I wrote you about your literature and later enrolled for your course. I received the lessons and read over them, but at that time I was very busy and did not give them much time, and after a few weeks I decided that there was not anything to the teachings anyway so I failed to send the payments and after a time the lessons were discontinued.

"Then about six months ago I got into the life insurance business and after about five months I was not doing so well. Then I became very discouraged. It seemed that everything in this world that I tried went wrong. I had about decided that I was intended to be a failure, so I turned in my resignation to the company I was working for but the manager would not accept it until he had talked it over with me. I felt a little better then and decided to keep the job. Well, I worked on for about two more weeks and then I decided that something was radically wrong somewhere. Luckily I had not destroyed the lessons that you had sent me, so I decided to get them out and see what there really was to this Psychiana business. I have been a Christian ever since I was about fifteen, but just never have been able to make the contacts with God that I thought I should make. It just seemed as if I had been groping around in the dark all my

life, believing in God and praying to God but never seeming to have any of the prayers answered. So, as I said, I saw that something was wrong.

"Three weeks ago I began studying Psychiana and let me tell you sir, there has been a change in me that I had never dreamed possible before. I am beginning to see that there is a positive contact with God. If things continue to come to me, and I know they will, in the future lessons as they have in the first two, by the time I have completed them my life will completely be filled with God."
