

THE "PSYCHIANA" RELIGION

FRANK B. ROBINSON, D.D., Ph.D.
FOUNDER AND DIRECTOR

MOSCOW, IDAHO

INVITATION NUMBER ONE

My dear friend:

Thank you very much for your inquiry. We appreciate it a lot. There is not much mystery about this Movement, and what it is doing to reveal the actual Power of God to every human being who will allow that Power to be revealed. It can be truthfully stated that this is perhaps the most revolutionary religious movement in many centuries, in that the "faith" of religion is being exchanged for absolute reality.

One does not have to die to find that actual and literal Power of God. That Power, can be found and demonstrated right here on the earth, and by you. There is something radically wrong with this civilization. If it keeps on the way it is going now, it is only a case of time until it will have completely destroyed itself. Only a super-optimist will sit back in his chair, twiddle his thumbs and say:—"Oh well—it looks bad, but God's in heaven and all's right with the world". God is not in "Heaven" and all is not right with the world.

If this world does not find the actual Power of God, and find it very quickly, this civilization can very easily destroy itself. It is hovering on the verge of total annihilation now. The atomic bomb, the cosmic ray, and other equally devastating discoveries are now in the hand of man. They are in the hands of some nations which will not hesitate one moment to use these awful forces against us here in America, if we let them.

But The Almighty has seen fit to reveal to the Founder of this Movement, a revelation which is perhaps the most staggering religious revelation brought to this world since the time of Jesus. As a matter of fact, this revelation might be called "THE HIDDEN MESSAGE OF JESUS" for it is very evident that the early church-fathers did not catch the tremendous import of the message Jesus came to bring.

From time immemorial—ever since the first little germ of life appeared on this planet, the throbbing, pulsing desire of every human heart has been for peace, and happiness, and financial security. But the realization of our heart-throbs and desires has not been fulfilled. There was no way these longings could be fulfilled. Now—it is different. This new discovery of the actual and literal Power of the Spirit of God is changing human lives, re-molding human thought, and is making of God, the living Reality we have always known God should be.

We invite you to study with us. The Movement is completely non-profit, and we are known the world over. We have no personal axe to grind whatsoever. We merely are trying to tell you about the newly-discovered Power of God. Will you allow us to? An application for membership is enclosed.

Cordially yours

Frank B. Robinson
