From Kansas City Mo. comes this letter. "I want to thank you for helping me with my son in his recent illness of polio. The doctors gave him a chance of 1 in 100 to survive but in less than two weeks he is out of the hospital and walking normally. His condition is almost perfect and the doctors marvel at his speedy recovery. (Student number 317.855)

From Gallion Ohio, \$\$\$\$\$\$\$\$\$\$ in November of 1946.

"I want to thank you for bringing to my family a remarkable recovery from diabetes, which my wife had. She has given up her Insulin and the doctors are dumbfounded. They know I wired you a few weeks ago".

From Lincoln Neb. November 26th 1946. "My husband and I got your Lessons about four years ago. To say that we were poor would be putting it mildly. We were simply existing. My health was bad--gall-stones, stomach trouble, sinus trouble and what-not.....one day I read your message in a magazine. That was the answer, and am I glad. My sickness is all gone, and although I am 50 years old I am in perfect health and can do the work of a young woman. Our finances have doubled and tripled. Our monthly salary now runs about \$400 a month---and we have a nice bank account. Most of all, we are supremely happy. There is a peace and contentment that only those who know no want can know, who are being supplied by the Power of The "God-Law". Oh if we could only shout about it to the world, and make people listen and try it. Many are, and many more will".

From Fairfax Va. November 15th 1946. "You will find enclosed a P.O. for \$8.25 the balance on my account. I have received my final Lesson and would like to add my thanks to the many I know you already have. You have opened \$\$\$ a new world to me, complete with new hope and faith. Thank you and God bless you".

From Chicago. Ill November 20th. 1946. "When I first wrote you two years ago, I was very discouraged in more ways than one. I am writing today to thank you and tell you how much you have helped me by giving me the true picture of the Power of God. Two years ago, my three children and I lived in one of Chicago's benighted slums. My son had just gone into the U.S. Navy. My mother ill and my whole future looked black. Today I write you from my lovely new home, my oldest daughter paid down on 3 weeks ago. Today we moved in...Mother is in a nice hospital. My son, now out of the Navy since April expects to move into their new home by Xmas. Can I ever thank you enough for these blessings# which I have received from the ever-present Power of the Living God? Thru you? For had I not seen your ad. on a little booklet of matches two years ago, I should not be writing you of this wonderful success and happiness this morning. Thanking you a million times". From Fort Thomas Ky. October 17th 1946 "I am happy to say your fine Teaching is worth much more than you ask for it. I have been under the care of a doctor for four or five years and was expecting to have an operation as soon as I was strong enough to stand it. But now the doctor says I wont need the operation if I keep improving like I am now. I now have a steady job and am happier than I was before I enrolled for your Teaching so you see Dr. Robinson, I have lots to thank you and Psychiana for". Member No. 358.167

From Savannah Ga. What I have read and studied and applied the God-Law is wonderful. I do not feel at all tired or worn out. Oh--I cannot explain as I want to how It works. I am glad to send the remainder of my account to help in this good work". Member No. 785.309

After suffering two years and going to 24 M.D's I have found a cure for all of my troubles in God's natural Law. Thank you again for showing me the way". Member No. 315.149

From Columbia South Carolina October 21st 1946 "When I enrolled for your Lessons a few weeks ago, I told you I was incapacitated due to Coronary Thrombosis which occurred in March 1946. The latest electrocardiogram shows a normal heart condition, consequently my physician permitted me to return to my office September 30th. The above speaks for itself, and I am taking the liberty of addressing this letter to you, rather than the Administrative Department, because I want your secretary to bring it to your personal attention.....".
