Just read what a few of our Students say who

I just want to take this, the first opportunity, to tell you my one great desire has materialized. It is now over a year since I first learned of your great teaching and took the study course. Last week my wife and family moved with me into our home. While not a new house by any means we are satisfied with location to schools, church, friends and the district in general. Above all, we are not very distant from the old folks who are largely responsible for bringing this home to realization.

Now I know that God has indeed complied with my great desire. For years we had paid rent and could not afford a home. For the past two years I have received an ever-increasing salary, and now I can hardly wait to see what comes next.....

Yours sincerely,

Dr. S. P. G.

This Person Gained Freedom From Fear As Well As Peace of Mind

Dear friends of Psychiana,
....But more important to me is this peace of mind and complete freedom from fear. If for any reason I should be unable to complete this course, I have gained so many good things it would be time well spent. Nothing to compare has ever come to me.

I cannot put into words all of the wonderful changes that have taken place in my life in a few short months.

I will remember from time to time to drop you a line to show how grateful I am to have this opportunity to study under such a teacher as Dr. Robinson. Words cannot express my gratitude.....

I am not quick to grasp the new, but even a child could understand these Lessons. I feel as if a whole new and wonderful life has been given me.....

Mrs. H. T. C.
