

# The NEW Psychiana Bulletin

The Psychiana Bulletin is a monthly publication of Psychiana, and it dynamically supplements the regular series of Dr. Robinson's lessons, and at the same time provides a medium through which each member can keep in up-to-date contact with us!

Each issue of the Bulletin is in handy pocket-size --- 5½ in. X 8 in., and contains many fine illustrations. Of particular interest to our members and their families is a monthly article written by a man who calls himself *The Wayfarer*. In reality, this man has had a lifetime of experience with people and has helped many thousands in their search for spiritual peace of mind. He has been in the religious field practically all of his life and was a very close friend of the founder of Psychiana, Dr. Frank B. Robinson.

Another very popular section of the Psychiana Bulletin is the monthly article by Marcus Bach, nationally famous researcher into little-known religious faiths. His monthly article, *Living Thoughts For Better Living*, is truly a "high spot" of our monthly bulletin. Then, too, Pamela Dawn's comments, the inspirational section *Those Who Walk With God*, *Questions and Answers, From Near and Far* --- these all add up to inspiration and enjoyment.
