CABLE ADDRESS  
"PSYNA"

My dear friend:-

May I thank you personally for taking the time to reply to my advertisement. Your time and trouble will, in all probability, bring a turning-point in your entire life. This is exactly what I am interested in. I have no personal interest to advance in addressing you. There is nothing you can do for me. But there is a lot I can do for you.

In the first place, I can point out to you the most staggering Power this earth ever has known, or ever will know. That Power --which is the Power of God, can become the most personal, vital thing you have ever experienced. This is so because, of all the powers and forces on this earth, none can even begin to approach the dynamic power which is even now available to you, through the Power I am talking to you about. This is, of course, the most revolutionary religious discovery of the ages.

Men, throughout all ages, have sought in vain for the actual POWER which is known to be God, the Supreme Creator of the universe. But few have ever found such a Power. We all have, in our intense earnestness, listened to creeds, ecclesiastic formulae, etc., in our efforts to actually find the Power of God. But in very few cases have these things brought actual knowledge of the personal, scintillating Power of God. That discovery, however, has been made. It is now possible for every normal human being to find and draw upon the amazingly beautiful Power of the Spirit of God. Naturally, when you and I can use the Power of God here in our everyday life and affairs, why things take on an altogether different hue--don't they?

\* \* \*

I was trained for the Baptist ministry. That was many years ago. However, I was not satisfied. I wanted something more than a "belief" about God. I wanted something more satisfying than a set of creeds, rites, and rituals. I wasn't so much interested in what may have happened several thousands of years ago, as I was inter-

ested in finding out whether or not man can actually find the Power of God, right here on the earth.

I won't bother you with the years which followed after I had decided to search for God alone. The one thing you will want to know is---"DID YOU ACTUALLY FIND GOD?" The answer to that is, most emphatically---"YES, I DID". And now, fifteen years later, the world knows that I did.

I shall never forget the amazing experience which came to me when I discovered that I could actually and literally come into a living vital contact with the Realm of The Spirit of God. It broke upon me in waves of indescribable bliss, joy, and happiness. Truly this was an experience never to be forgotten. And my life, from that day on, has borne witness all over the world of what the Power of God can do, when a man or a woman actually makes the spiritual contact with God.

What an experience. It's hard to write about it and not have the tears rolling down my face. For I am grateful as can be to Almighty God for making me the agent through which the staggering Power of God is being made known to humanity all over the world. Little did I dream that this would happen. But it did and who am I to question the wisdom of God

\* \* \*

Naturally, the first thing to come to my mind was--"HOW CAN I BRING THIS STAGGERING DISCOVERY OF THE NEARNESS OF THE POWER OF GOD TO ALL HUMANITY?". I knew that when this amazing knowledge of the Power of God began to be known all over the world, this old war-mad earth would see the Light. I knew that the Power of God, manifesting through human beings, could stop all wars. I knew too, that no life can possibly know the existence of the Spirit of God in it, and lack one single good thing, either materially or spiritually. So, naturally, I did the only thing I could do.

I bought an ad. in an eastern magazine, and told the readers of that magazine that man could find, actually and literally, here and now, the staggering, amazing, scintillating Power of God. And did those readers respond? Yes they did. That one advertisement, costing only \$400, brought in requests for more information, by the tens of thousands. Then, men and women began to enroll for my Teaching which, by this time, had been put in Lesson form.

It did not take very long for letters to start flooding my office from all over the world, telling me what the power of God was doing in tens, yes scores of thousands of human lives. For the

simple formula by which I found God was working for others too. And was I happy? Yes I was--believe me I was. And today, fifteen years later, I believe I am the happiest man alive. For there is no joy greater than that of being able to make Almighty God a Living Reality to the human race. That is my work. Naturally, the work has gone round the globe. We are known in every corner of the globe. And this is all because we made the staggering discovery that every normal man and woman, may, here and now, find and use the actual and literal Power of the Spirit of God--not "in heaven", but right here on the earth.

Now just a word about how we send this amazing discovery of the Power of God round the world. We buy space in newspapers and magazines. We advertise, just as merchants do. We make a definite charge for our Teachings. We must, because we have to have some source of revenue. However, what little sum of money this Teaching costs you is very speedily forgotten when the dazzling Power of Almighty God begins to make Itself known in your life. You won't think about cost when that happens.

Try and imagine what your life would be like if you had, now, all the Power of God available to you, every instant of your life. Is there anything that could throw you down? Is there any good thing your life lacks which the Spirit of God cannot bring to you? Certainly not. For God and man--united--constitute the most powerful combination this world can ever know. And it is our business to teach you how we found the Power of God. If our methods worked for us, they will work for you too.

\* \* \*

I should like to make it very plain that this Movement is only interested in you because it knows it can bring to you, knowledge of the Power of the Spirit of God. You have nothing which even interests us. There is nothing you can do for us. We are the ones who can do something for you. We can make God real to you, and you'd give your right arm for this--wouldn't you? Well, we don't want your right arm or any part of you. We want you to clearly understand how this Teaching is spread around the world.

We never force this Teaching upon anyone. Nor are we interested in curiosity seekers. We are only interested in men and women who actually want to know the Power of the Living God in their lives. Triflers, etc., we do not want. We only want those we can help, and we cannot help anyone who is not in earnest about these things of God.

If, however, you are in earnest, we shall be glad to start our Teaching coming to you. The enclosed application will tell you just what the Teaching will cost you, and we do not want you to enroll unless you are prepared to follow us through to the end. Our country is at war, and it is necessary that we conserve all the paper we can. So we shall not waste it.

There are hundreds of thousands of men and women all over the world who, through this Teaching, have proven to their complete satisfaction that the Power of God can be found and used here and now. Naturally, with such a Power in the life, you can and will be an overcomer. When you enroll, we shall be happy to give you our very best, for to see men and women finding God is life to us. We exist for no other purpose. And the Power of God exists for you.

Cordially yours,

Frank Robinson

P. S.--We ask you to remember that this is the only communication you will receive from us. We send no long series of "follow-ups". We give each respondent to our advertising ONE opportunity to enroll, AND ONE OPPORTUNITY ONLY. Either you want the Power of God to manifest in your life, or you don't. You know whether you do or not. If you do, we believe we can show you how you may find and use this all-creative Spirit. We do suggest, however, that if you are interested in knowing God, and all the Power that implies, you mail your application NOW. We cannot correspond with you further.
