

Dear Friend:

If you received a letter in this morning's mail from a reputable banking house informing you that a certain sum of money had been deposited to your credit, how long would it take you to get down to the bank? If I come to you with the statement that we have on file literally hundreds of letters telling in unmistakable terms of the benefits of my course of instruction, then do you not think that the least you could do would be to give me the opportunity to prove whether or not these same results could be achieved in your life? I know one thing; I know that if you were convinced that there was in existence a Spiritual Law controlling health, happiness and success, you would lose no time in finding all about the Law.

This course of instruction is known all over the civilized globe. My articles have appeared in some of the leading magazines in the realm of Psychology. My three books, "THE GOD NOBODY KNOWS", "AMERICA AWAKENING" and "CRUCIFIED GODS GALORE", have been reviewed nationally and are pretty well known. Our own magazine "PSYCHIANA" QUARTERLY, is sent to many foreign countries, and wherever my radio lectures have been heard they have caused considerable excitement. It is not much over four years ago since I first gave this course of instruction to the world and inside of the first year sixty-seven different countries have been heard from. So this is no "fake" teaching of any kind. My teachings have been eminently successful and have been unsuccessfully copied many times. I state these facts to eliminate any doubt there might be in your mind as to the merits of this system of instruction or of the standing of the men behind it. In view of these facts, don't you think it advisable to put my teachings to work in your own life?

I do not believe very many people have the faintest conception of what Spiritual Law or Spiritual Power really means, and my course goes right into the very fundamentals of life. It deals directly with the Creative Spirit of the universe and of every human soul, you included. If you knew what my teachings have done for others, as I know it, your enrollment blank would have been in the mail before this. I am asking you to allow this teaching the opportunity to prove whether or not I can change your life from one of failure to one of success. That is all I am asking, and you are the one who will reap the benefits. You stand to lose nothing, for our forty-five day money back guarantee absolutely protects you. If our instructions do not work in your life, then we are the ones who lose and not you. Why not place your enrollment blank now? It might very easily be the best stroke of business you have ever done. You will receive one Lesson every second week from us, there being twenty Lessons in all.

Sincerely your friend,

*Frank B. Robinson*
