

# The Psychiana News-letter to all Graduate Members

Moscow, Idaho  
October 15, 1948

Dear Fellow-Member;

Many of our graduate-members have written to us desiring the latest information concerning The Psychiana Religion; therefore, this letter is designed to bring each of you up-to-date, and impart to you the most recent information about Dr. Robinson's latest books, our quarterly magazine, the monthly Bulletin, and any other publications which we feel you would be interested in.

Our quarterly magazine, *The Way*, was graciously received by all members who received it. I would judge from the response that the articles by Dr. Marcus Bach of the Department of Religion at Iowa State University, Dr. Robinson, and *The Hermit* received the most praise. It might be of interest to you to know that new sections have been added to the quarterly beginning with this September's issue, and that the contributing author for this issue is Dr. L.L. Dunnington, pastor of the First Methodist Church of Iowa City, Iowa, and author of *Handles of Power*, *More Handles of Power*, etc. His article, *Your Creative Mind* is of interest to every American.

Dr. Robinson's latest book became available last July for distribution to all Psychiana members. The book is entitled *God in the Dark*, and not only describes in detail experiences had by Dr. Robinson in his discussions with ordinary folks, but gives to the reader a definite, concrete plan whereby the fear and strife the world is experiencing today can be resolved. Peace among men can be made a reality, but men must first realize that faith in God must be one of the first principles upon which such a peace can be built. It is for this purpose that *God in the Dark* was written, and Dr. Robinson has the utmost faith that eventually this peace we speak of today will become a reality of tomorrow.

Letters continue to come into us in great volume from members of Psychiana telling of the actual manifestation of the Power of the Living God in their lives; for these letters we are extremely grateful, as they reaffirm our faith that the teachings of Psychiana are aiding in the fight to make God a living reality to thousands of people. We will continue to do our utmost toward helping our members and graduates with their spiritual education.

I was also advised by Dr. Marcus Bach, author of *They Have Found a Faith*, that he has received numerous requests for information about Psychiana by people who had this book but were not members of The Psychiana Religion. If you have not read *They Have Found a Faith* as yet, by all means obtain a copy. We feel that what Dr. Bach says about other religions is of vital interest to everyone since religious tolerance is sorely needed in this country today. If you cannot obtain a copy of this book in your city we still have some copies which are available. The price is \$3.00, post-paid.

We hope that this newsletter accomplished its purpose: that of informing you further concerning the latest news of The Psychiana Religion. We are gratified, indeed, if this is the case. I might add that we are always pleased to hear from our graduate-members at any time.

Until our next newsletter reaches you, I remain

Alfred B. Robinson  
Director of Religious Activities

## "GOD IN THE DARK"

We recently received from The American Book-Stratford Press, in New York, the first shipment of Dr. Robinson's most recent book, *GOD IN THE DARK*. This is a book in which Dr. Robinson, in his fearless penetrating manner, opens up the way to God through the chaos, fear, and uncertainty of the darkness of the present world. This book should be in the home of every Member of Psychiana. Price \$3.50 postpaid.

## "YE MEN OF ATHENS"

Dr. Robinson wrote this book about nine years ago. It is one of our best sellers. It removes the superstition from religion, and, under that superstition, it attempts to point out a clear, simple, direct way by which all Americans may make contact with The Spirit of God, thereby using The Power of God in their everyday life. This book also should be in every Member's home. Price \$2.00 postpaid.

## "THEY HAVE FOUND A FAITH"

written by

DR. MARCUS BACH, School of Religion, Iowa State University  
and published by The Bobbs-Merrill Company of Indianapolis.

\* \* \*

This book met wide acclaim when published. It gives the "low-down" on eight of the newer religions, shows the source of their strength, and why they grow. Dr. Bach has made several trips to Moscow, and has learned to know Dr. Robinson intimately. One whole Chapter is devoted to The Psychiana Religion. You should have this book. Price \$3.00 postpaid.
