

# TO MY STUDENTS

Under separate cover you have received the pamphlet entitled "THE WAR IS ON." Please read that pamphlet carefully and I shall appreciate your order for as many of the Brochures as you can buy. I want to cover the United States from coast to coast in the interests of the Realm of God, and by purchasing these brochures you will help to make that possible.

This is a big work. The responsibility on me is great. As students and friends the responsibility on you is great also. Let's not fail. The fields are ripe unto harvest. Men and women want to know something of the Power of God. Let's all pull together--and do things for God.

The Private Study of  
DR. FRANK B. ROBINSON

Moscow, Idaho

TO MY STUDENTS AND FRIENDS THROUGHOUT THE WORLD

The time has come, after a few years of hard and untiring efforts, when this Teaching is having its effect on national religious thinking. Every effort has been made to down it. Every conceivable effort has been made to down and discredit me. But we still are here, and to date have come through the fire unscathed. These attacks were not unexpected at all. When a person begins to tell the real truth about GOD, those who have operated in the name of GOD and still have known nothing about Him, begin to squirm. They don't like to see their pet idol being torn down, even though the Power of the Spirit of God is being actually manifested through this new teaching of mine. So I expected these vicious attacks.

However--we are still here, and "PSYCHIANA" is very apt to be here a long time yet. You cannot down the TRUTH of God. The man or the organization isn't born yet who can do that. It's been a hard fight though. Believe me--and I don't know that I would relish the idea of going through it again. That's neither here nor there however. The time is ripe for my students to join hands with me, and help me to spread these TRUTHS which have changed so many lives.

This envelope contains the manner in which you may do this. I am making an attractive offer and am paying a liberal commission--now you go out, and in the power of the Spirit of God, get many others to join hands with us. The work should be pleasant. It should be very profitable. "PSYCHIANA" is known the entire world over and there is more talk about it than any other religious teaching I know. We will help you all we can. We are presenting you with a wonderful opportunity, and I welcome you with me in this great drive to put the truths of "PSYCHIANA" and the Kingdom of God around the world. Fill out your order blank and "AGENTS APPLICATION" with your remittance and mail them to us at once.

YOU CANNOT FAIL WITH THE POWER OF THE SPIRIT OF GOD BEHIND YOU.

Sincerely your Friend and Teacher,

*Frank B. Robinson*

## I shall not be disobedient to - - the call of God - - -

It seems that whenever a new picture or vision of God is being presented to the world, the one who is chosen to present that picture or vision must be prepared to undergo not only criticism, but vicious attacks upon his new teaching and himself. There is no such thing as religious tolerance—there never has been, and, till the truths of God as He actually exists are universally known, there never will be.

“PSYCHIANA” has been made the target for perhaps as vicious a series of attacks as I have ever seen. I would not have believed it possible had I not experienced it. But I know the originating source of these attacks. Various methods have been used, and are still being used. To accuse a man of my standing of “making false statements in a passport application” is nothing more nor less than looking for an excuse to railroad a man into the penitentiary.

But when, after an absolute acquittal by a Federal judge and jury, deportation warrants are issued, every student and friend of mine instinctively knows this is persecution—not legitimate prosecution. I fear no legitimate prosecution. If any man has anything criminal on me, he’s foolish if he doesn’t push it. But to try and deport a man of my standing, who has done as much for others as I have done—well—you know what they’re after as well as I do.

Now what all these attacks have done is this: They have brought home to me in a vivid manner, my duty—first of all to my God, then to my fellow man. They have driven me out into the front of the fight. From now on I shall be found on the firing line. For the past eight years I have quietly spread the teaching which I can prove has brought peace, joy, happiness and material abundance to my students all over the world. Now—I’m stepping actively into the picture. I am planning to cover the United States from coast to coast this fall on the lecture platform. Those of you who saw me in Los Angeles will know what that means.

From earliest childhood the impression has been very marked that God had put His hand on me for some specific work for His kingdom. It took devious ways, and hard treatment before I was willing to follow the “Great Light,” but finally I came to the place where I was willing to follow. Nothing matters to me now. My duty is plain. I must personally take up the battle in public, and believe me, when I do, you will see tens and perhaps hundreds of thousands of Americans, finding the peace and joy that a realization of the present existence of the Great Life-Spirit of God brings with it.

## It’s a Public Fight for God From Now On

I am ready for the battle. I shall engage the largest auditoriums in the country, and, working through one little human being, God himself will demonstrate a little bit of the power which His spirit brings. I should not be surprised to see the greatest religious movement America has ever seen start this fall. Before I do this, I want to have a very substantial sum of money in the bank to help finance the campaign. There will have to be quite a staff with me. And here is where my students and friends can help. Here is what I want you to do, to make this capital possible.

I have here in Moscow a beautifully printed brochure. It’s on fine enameled paper, and it is called “The Amazing Story of Psychiana.” I want every one of my students and friends to buy at least one copy of this brochure for one dollar each. Read the description and then buy as many as you can. If you can buy ten thousand of them—please do so. If you can buy one thousand—please do so. If you can only

buy a few, buy them. If every student and friend will do this, it will provide me with enough of a campaign fund to start this national tour of the United States. My vision is clear. There is no mistaking the call. This sin-sick, worried, harassed world needs to know the truths of God. It wants to know them. It will welcome anyone who can tell it truths about God.

It doesn't want any "Jonah and the whale" stories though. It's not interested in the "Garden of Eden" and the "talking snake" stories. It is sick and tired of ritualistic dogmas and creeds. It wants to know God. It instinctively knows that God exists, and believe me, my friend, human hearts are hungry for just one little bit of truth about God. "Psychiana" and its founder have very definitely proven that while we have perhaps not all of the truths of God, we do have enough to bring peace, joy, and abundance, through the Spirit of God to a desperate world. If you think this world doesn't need God—look around you. I tell you it's sick—it's heartsore—it fears the future. And until some man shows who and what God really is—there is nothing but blackness and night ahead of it. Legislation can not right it. All the preachers' prayers in the world can not right it. There is but one thing which can right it, and that is the Spirit of God.

## THAT IS WHAT I AM GOING TO PREACH

For 50 years I have known that my work should be in the interests of the kingdom of God and now the day has come for me to start. It means a lot. It means separation from wife and family, which I love so dearly. But the cost means nothing. All I crave is the opportunity to tell the crowds from coast to coast, of the living, vital, life-giving Power of the Spirit of God—here and now.

## = = = WILL YOU HELP ME? = = =

I feel that you will. Read the following description of the brochure, "THE AMAZING STORY OF 'PSYCHIANA'," and then order as many as you care to order. The money received from the sale of this brochure will be placed in a separate bank account, and will be used for lecture campaign purposes only. A call of this kind comes but once in a lifetime. The Spirit of God is so real to me, and the harvest fields are so ripe, that I can hesitate no longer. Oh, yes—it would be very easy for me to say "Let the other fellow do it," but I must be true to Him who showed me the way of life. I can not betray my trust. I have been equipped both mentally, physically and spiritually for this great revival of religious power, and, with your help, I shall be able to make my first appearance in September or October. Do what you can. This is not my work—it's God's work. It's your work. You owe it to yourself and to your fellow-man to help bring the truths of a supremely powerful God to their notice. I'll do my part—you do yours.

## Here is what the Brochure Contains:

It is 9 by 12 inches in size, and on the outside cover is a picture of myself. On the inside cover is a full page picture of myself at the pipe-organ. Then follows "THE AMAZING STORY OF 'PSYCHIANA'," and there is also shown a picture of our first office. Then comes a picture of our second "home." Then there is a picture of the drug store in which I worked when I launched "PSYCHIANA." Then follows a picture of our staff of employees. After that you see me addressing a crowded Trinity Auditorium in Los Angeles. Then there is a picture of home with car in front of it. Then, a picture you surely will want to see—my family. The rest of the brochure is filled with pictures showing different branches of our activities. It's really an interesting thing, and you will like it, I'm sure.
