

# TO MY STUDENTS EVERYWHERE

---

"PSYCHIANA" is the only religious Movement on the face of the earth which is bringing to men and women the priceless truth of the Presence of the Spirit of God here on the earth, waiting to be recognized and used by all. Only a knowledge of this fact can save the world. Without the Presence of the Spirit of God, this world will continue its headlong plunge to war, catastrophe, and in the end, utter annihilation. Religious organizations today are utterly powerless to stop it. The reason for this is because, instead of teaching the present existence of God here and now, available to all, they tell us that certain "articles of faith," "creeds," "dogmas," "rituals," and old traditions must be accepted and believed first before man can know God. These old traditions may be true and they may be untrue. But whichever is the case, they certainly are impotent to bring to men and women, the actual Power of the Spirit of God here and now. And, I repeat, **NOTHING SHORT OF THE ACTUAL PRESENCE OF GOD CAN SAVE THIS WORLD.** And if some organization like "PSYCHIANA" doesn't step into the picture and work hard, it may even now be too late. Personally we don't think so. We are convinced that when men and women are taught, and begin to recognize the actual Spirit of God in their lives, and this without any old tradition, creed, dogma, or ritual, the work of God will begin. Then, in and through the Power of the Spirit of God, wars will cease. Dictators will have to go. Communism, Fascism, and other alien "isms" will have to back down before the Power of the Spirit of God.

That is all we of "PSYCHIANA" are interested in. We have no churches. We have no "articles of faith." We hold no creeds nor dogmas, nor do we have any rituals. We believe no ancient religious tradition. We **KNOW** the Spirit of God exists here and now, and we **KNOW** further that all men and women may know the present existence of this God-Power. We operate entirely through the mail. This is the most remarkable religious Movement this world has ever seen. Yet it is exactly the way one would expect this new conception of God to be brought to the earth. We are working against immense odds, and I personally am giving all I have, and more, that men and women may see that no tradition or creed or dogma is necessary to know God. People are very rapidly catching this new vision, and are, moment by moment, recognizing and using the Power of God in their lives. Quite naturally, such a stupendous Movement as this is, is having a marked effect in human lives. Before many more years have gone by, "PSYCHIANA" will be a subject of international discussion, and, we hope, the true picture of God will be absorbed by all. Then, and only then, will God and men live together in perfect peace and harmony. War will be a thing of the past. The ghastly wholesale murders which are blighting civilization today, and which threaten it tomorrow, will all be gone. They cannot exist where the Spirit of God is recognized.

## Now a Word as to Your Part

The financing of this Movement beloved, is your part—not ours. We can teach and send this message of the Spirit of God round the world, but the financing will have to be done by you. We will give our Lessons away, and gladly, but every bill must be paid, or we shall have to go back to a "charge" basis again, and this I don't want to do. All I ask is for enough money to come in to pay all of our bills. I want to make nothing myself. If every Student will put his or her shoulder to the

wheel, we shall be able to do this for the first time in our history. The change to the "free" basis has been very difficult. Its been very expensive. Since the change, about 45 days ago, approximately 1500 new Students have enrolled. The total cash received has been about \$1500. This is an average of about \$1.00 a month. The expenses of the change have been about \$15,000, and we have bills now that should be paid, amounting to over this sum. I do not know what you have agreed to give us every month. If you can double your donation, I wish you would. It may be that a few months will make things much easier for us. What I want you to realize is that responsibility of carrying on the Movement is YOURS, not mine. You are a part of a great body of men and women who are striving to bring to earth, the true picture of God, which picture alone can save civilization. Fifty cents a week, or \$2.00 a month should not be too much for you to donate, and if every Student will do this, we shall be able to put this message of peace and power round the world, to our complete satisfaction.

It may be that there are a few Students who have some available funds which are not being used, and if this is a fact, and these Students would like to make me a personal loan, I shall be happy indeed to have them do so, and will send my own personal note to them for whatever amount they want to loan to me. This is a strictly personal loan, and I shall be happy to pay 8 per cent interest on any sums loaned to me, from \$100 to \$10,000. The money will be returned with interest just as soon as I possibly can do so. I hate to mention money. I wish there were no such thing. But there is. Our bills are heavy, and you are privileged to have a part in this Movement of God on the earth. Nothing else matters beloved. If this world is to be saved, ONLY THE SPIRIT OF GOD CAN DO IT. Will you do the best you can do in the interests of God and humanity? Thank you a lot. I know you will. We shall do our part here.

Cordially your friend and teacher,

Frank B. Robinson
