

A Personal Appeal from Dr. Robinson to You

TO MY FRIENDS AND STUDENTS EVERYWHERE:

There comes a time in the life of every religious leader and Spiritual pioneer when he is compelled to ask his friends for help. I have never done this before, but I feel the leadings of the great Life Spirit so clearly in this matter, that I am asking every friend and student to come to my assistance now.

As you know, one year ago here in Moscow, we built a large brick building. Now I am going to build a two-story office building on our large lot.

As I have told you before, I charge only enough for my writings to break even on them, and in this special demand which comes along, I find myself totally unprepared for it. I have no money with which to build this building. As a matter of fact, outside of the needs of my daily life, I have no money at all, neither do I want it, for I learned a long time ago that money does not buy happiness or Spiritual satisfaction.

With the supreme confidence in the great God-Realm, the answer to the problem has come to me very clearly, and that answer is that I should take up this problem with my students and friends, for in their hands lies the answer. They will have to build this new building for us here in Moscow and they *will* build it, too.

I am asking you now to send to me, immediately, whatever funds you have for this purpose. I do not know what you can send, but I do know that you will do your part.

So, will you please, now, make your check for whatever amount you can and mail it immediately to me here in Moscow. It may be \$10.00; it may be \$5.00; \$100.00 or \$1000.00; it may be only a couple of dollars, I do not know, but I do know that if every friend of mine will give what he or she can give toward this building, we shall have it in pretty short order. Remember—here is your opportunity to do your part and if you rise to the occasion, you will be complying with the God-Law and so will heap upon your own head, countless blessings from the Realm of God.

The name of everyone helping me with this building will be engraved on a scroll which will be placed in the cornerstone.

I am not much of a hand to ask for donations, but please make it as easy as you can for me, and I thank you a lot.

Sincerely your friend and teacher,

Frank B. Robinson
