

Here Is One of Tens of **THOUSANDS**

of Letters We Have Received Telling What
the God-Realm Does

St. Louis, Mo.

July 28, 1936.

DEAR FRIEND:

My husband and I just can't find the words to tell you how we feel about "Psychiana" and our Life Membership.

We always feel like shouting from the hilltops and attract people's attention to the most marvelous and wonderful teaching which helped us find God and are we happy every time The Power of The Living God talks to us and things I have seen when wide awake would amaze you when I tell you.

Mother lives in St. Paul, Minn., and I live out in St. Louis, Mo. To make a long story short I wanted to see mother but didn't have money to go there and mother wasn't well so she could take the trip here. Early Sunday morning I was awakened out of a deep sleep and there sitting in a chair in our bedroom was Mother. You just can't imagine how happy I was.

As I stated before in a letter to you, I wouldn't part with "Psychiana" for anything in the world.

My husband had bleeding piles for ten years and with the first lesson his piles disappeared and no more heavy heads which accompanied the pain with his piles. Before, my husband wore glasses at his work and also for reading; now he does not wear his glasses.

Tom was fixing the electric socket, something went wrong. He forgot to turn the electric switch off and used his knife to cut part of the wires off when all of a sudden fire sprang up touching his hair and hands. I was sure he was burned. He was surprised the fire was cold at the touch of his hand and hair; but this only goes to show you how "Psychiana" protects one from danger.

Every time people come to our place we tell them about "Psychiana" and what it did for us. We can't praise "Psychiana" enough.

We have the rest of Dr. Robinson's books with the exception of "Is the Story of Jesus Christ Fact or Fiction," which we would appreciate very much.

Yours truly,

MRS. T. V.

St. Louis, Mo.
