## **HERE IS YOUR LESSON NUMBER ONE**

My dear friend:

Here is our Lesson Number One. Thanks a lot for your inquiry card. You have now in your hand the first step up a document which, if you but allow it to, can open up the entire Realm of God in your home, filling with a Power the like of which you have never experienced before.

Your inquiry brought joy to me. I'm always happy when men and women all over the world ask me for our Lesson Number One. It just simply means that after they have read it, they instinctively know that I really have "TALKED WITH GOD" and therefore, having found the way to the Power of God, naturally know how to lead others into that shimmering, pulsing, throbbing experience which can come only when man finds The Infinite.

Perhaps this first Lesson will be all you need. I trust it is. I shall be happy beyond measure if this one Lesson reveals the fullness of God to you. If it does not--if you feel that you want to fully understand some of the great wealth of supply, peace, joy, material and spiritual abundance which always happens when man finds God, then you may get the additional Lessons by using the Membership Application enclosed.

As I told you, the small cost, which is your part of the financing of this Movement, is very low. Just imagine--ten months of instruction in how to find the actual and literal Power of The Spirit of God, and all we ask is the small sum mentioned.

When the fullness of this divine revelation begins to dawn upon you, we shall ask you to accept it at face value. You will be dealing with a staggering spiritual Force. So powerful is The Spirit of God that atomic fission cannot compare with the Great Might which is God. As the first faint gleams of The Power which is God begin to dawn on you, I shall be happy to hear from you. Just a short note telling me that you have discovered that God is actually the greatest living realistic Power you have ever known.

In the Lesson which deals with disease, you will be shown how to apply the Power of God to heal any and all diseases. But better than that, when you learn how to let this divine Power take complete charge of your life, well...you'll probably bless the day you ever heard of me.

It is a wonderful thing. Nothing can quite compare with the dynamic energy of The Spirit of God. Please send your Membership Application as promptly as you can, so the rest of the Lessons will come to you in due time.

Sincerely your friend and teacher,

*Frank B. Robinson*
