Dear Friend and Student:

This Lesson is the focal point of everything that has gone before. It is the point at which I show you how to actually and literally find and use the Power of the Mighty Life Spirit of the universe.

In the other Lessons I have led you slowly step by step up the ladder until you have now arrived at a point where you may see the view stretched before you. This Lesson will show you how to do that, for it is the most dynamic thing I have ever put into print. What you do with it lies in your own hands. If you use this cosmic Power for your own good and the good of others it will repay you many times.

Let me warn you not to use it for the harm of others for if you do it will turn like a serpent and sting you.

Sincerely your friend,
