

TO OUR NEW MEMBERS

Lesson
1

Your Membership in The Psychiana Religion has been duly recorded in our administrative files. It is in order that I send to you a personal word of welcome and greeting. You are now an Associate Member of a religious organization of great significance. The Psychiana Religion operates in its own peculiar manner. It copies no one. It is not interested in how other religions conduct their affairs. Our methods are different. We have very carefully thought them out, and, after nearly twenty years of experience we are in a position to state with much certainty that the methods we use will reveal the Spirit of God to you very much more effectively than will the methods used by most orthodox systems of religion.

Psychiana is not an orthodox religion. We are not too much interested in religious traditions of the past. We know that the Power of God exists on this earth—NOW. We also know that the Power of The Spirit of God exists in you. God said so, and, after having dealt with hundreds of thousands of new Members and having read what they have written to us, we know that it is entirely possible for every normal human being to come into a glorious experience of The Power of God here and now. When this happens, lives change. When man becomes first cognizant of the staggering fact that all God's Power is instantly available to all, life takes on a new hue.

This is the experience which will come to you before too long, provided you follow me carefully and do unflinchingly the simple Spiritual exercises I have given you to do in your Lessons. You do not need to notify me when The Spirit of God makes Itself known in your life, unless you especially desire to. I know that It will, and that's all I'm interested in. I try to reach as many Americans as possible with this message of the Power of God. I have not much

time to spend talking about, it, after the Member has had the re-birth of belief which usually accompanies this message.

There is one thing you must agree to do. *Just as soon as The Spirit of God makes Its presence known to you, I want you to do your part in spreading the good news to others.* This is your duty. America can be saved by the Power of God. The nations of the earth can all be saved through this same Power. I know of no more effective way to achieve this than to ask our Members, *after they have received the Power of God*, to at once call in a few friends and tell them about it. Do not attempt this until you have made the demonstration and the manifestation yourself.

This should speedily come to you. Then set aside a certain day of the week for this work. Ask one or two friends to your house. Read the first Lesson to them and discuss it with them. Then the second, and so on. Alternate week by week so that you are not meeting at the same house every week. When the group becomes too large for your homes, split up, and let each Member do the same thing over again. In this way you can help me in this grand work of revealing the actual Power of God to the world.

What has been accomplished over the past twenty years, and against stiff opposition, is little short of miraculous. But times are tense. We need very much more of the Power of God in these days when none knows with certainty what the future will reveal. There is one thing I know, and only one thing. I know that when men and women open their hearts and lives to the triumphant Power of the Spirit of God, things begin to happen. I know the world can be saved by this method, and, as a Member of The Psychiana Religion, I ask your full and complete cooperation. Send your monthly remittances to us on time. Remember, this organization exists only to reveal the Power of God to the world. We are not now, and never have been interested in money as such. Each Member, however, must do his or her part to help us meet our very heavy operating expenses.

Remember that God is closer to you than you have ever realized. Remember too—if this world is to be saved from complete annihilation, *someone who believes in God to the full, will have to go to work.* I want you to first get the experience of the Spirit of God, then GO TO WORK. Start your group. These are REAL churches beloved. A church is not a building. It is a group of people who hold certain beliefs about God. and who know God in their lives. So let us work together then for the complete revelation of The Spirit of God to humanity. Believe me, that Spirit can save this civilization. I know of no other power which can.

Sincerely your friend and teacher,

Frank Robinson
