

# REGARDING FINANCES

Dr. Frank B. Robinson

The Psychiana Religion has but one aim in life. It exists for one purpose only. That is—to reveal to the human race **THE POWER OF GOD**, as the revelation of this Power has been given to us. At first glance, many seem to believe that this is a commercial organization, engaged in the business of selling religious books and other religious literature. *Nothing could be farther from the truth.*

We operate under a non-profit religious charter. Our property in Moscow is all tax-free. No one connected with this Movement ever receives either dividends or profits from our operations. Dr. Robinson is paid a salary, as is every other employee. He also is allowed his traveling expenses, and this is as it should be. He is worth a lot more to this Movement than he receives, we can assure you. Our manner of operating is quite different from that of any other major religion. We confine our religious activities almost exclusively to use of the mails. We believe we can bring far more men and women into conscious contact with The Spirit of God in this way, than in any other. The motive however, is clear and honest. We want men and women to know the Power of God as we have discovered this great Power to exist.

Therefore, a definite charge is made for our Lessons and books. This is exactly the method pursued in the extension departments of theological seminaries and bible schools. If you are a member of the Catholic Church, and want a string of beads or a rosary, you have to buy it. If you are a member of some Christian Church, and want a bible, you have to buy it. If you belong to the Christian Science Church and want a copy of Mrs. Eddy's Science and Health, you have to buy it. Whether you buy these items or not has no bearing on the objectives of these great movements, all of which are re-

ligious. The very same thing applies with us. The money which is sent to us by our Members in payment for our Lessons and books, all goes to the credit of the religious corporation. Not a penny is placed to Dr. Robinson's credit or to the credit of anyone else.

At the present writing, we are employing about 70 girls here in Moscow, outside of the executive staff. We mail our religious literature literally by the millions of pieces into millions of American homes. Our operating expenses at this writing are about \$400,000 a year. Naturally, this Religion must support itself or it could not operate. What is more fair than that each duly enrolled Member pay his or her share? It has been carefully estimated that if each Member sends to us about \$35.00 for the Lessons and pays for whatever books he or she buys, we can just about break even and stay financially sound. More than this we do not want. But we shall insist on this.

We do a lot of charitable work which we never talk about. We help many people and we don't talk about that either. But first and foremost in our lives is the all-consuming desire that men and women may be brought to know the only Power which can save this world—THE POWER AND SPIRIT OF GOD. To this end we bend our every effort. After pioneering this Movement successfully for twenty years, neither Dr. Robinson nor any of his family has \$10,000 to their name. That is proof we believe, of the absolute sincerity of our motives. Charges have been made that Dr. Robinson has made a fortune from this Movement. We don't even bother to deny such charges. We know in our own hearts and we are not much interested in such false reports.

It is our desire, however, that every Member understand fully why a charge is made. We want every one of you to know that with us, is The Spirit of God first, last, and all the time. The financial end of this Movement is quite secondary to its main purpose of revealing the Truths of God, as those truths have been revealed to Dr. Robinson direct from the Creator.

So, as your Lessons come to you, study them carefully and grasp from them the gems of Spiritual Truth each contains. Remember—this is not "orthodoxy." It is the most up-and-coming revelation of The Spirit of God ever to be brought to humanity. What it can do has been manifested in hundreds of thousands of lives and after all, that's the final test, is it not? Send your monthly remittances to us promptly. It will save us a lot of unnecessary billing. Thank you very much.
