A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

★ TRANSMISSION LETTER WITH LESSON 13 ★

Here is your Lesson 13. It's full of Power. The Spirit of God directed every one of these Lessons to you. Therefore treasure them. Keep them. Live with them. Then when the Power of the God-Realm is known to you in all its beauty and fullness you will bless the day this Teaching ever came to your attention. One of the old bibles of antiquity states—"the heavens declare the glory of God and the firmament showeth His handiwork." So very true. But the stars in their orbits are very impotent things at that. All they do is go round and round. They accomplish nothing except that they are permanent examples of the Power of God. But you wouldn't want to live that sort of a life—would you? Just staying there. Just continually spinning and travelling around? If that demonstration of God is remarkable then how much more remarkable is the ACTUAL PRESENCE OF GOD IN YOUR LIFE? Answer me that and you will begin to see not only who God is but WHERE God is. IN YOU. This is an infinite God we are teaching. And if God can permeate the entire universe, and if GOD can cause yon stars to swing in their orbits, GOD CAN ALSO DWELL IN YOU AND CAUSE YOU TO KNOW THE POWER OF GOD. Remember the exercises I have given you. Keep close to God. Speak often with God. Tell others.

Sincerely your friend and teacher,

Frank B. Robinson
