A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

LETTER OF TRANSMISSION WITH LESSON 25

Dear Fellow-Student:

Here is Lesson Number 25. In this Lesson we continue our discussion of some of the major religious systems on the earth today. Some folks criticize me for even noticing other religions. But before the truth can be fully known about religion, it is absolutely essential that we get the composite picture of it. The day of "blind belief" is passing away, and as it passes, a truer conception of God is coming to the earth. We are entering an age in which men and women do not just "blindly believe." They think. Then, when they have thought, they decide. That is very wonderful. For all that is necessary to find the truths of God, is to forget "blind belief" and THINK THINGS OUT. At the very heart of them you will find God. Please remember that we need your continual "friend list" names. It helps us to spread this wonderful Power of God.

Cordially your friend and fellow-Student,

Frank B. Robinson
