A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

LETTER OF TRANSMISSION WITH LESSON 54

Dear Fellow-Student:

Let's throw doubt to the winds and believe, believe so absolutely that we automatically thank God for having given us the things we need, even before the physical manifestation of these things has appeared. That is, believe they are ours before we can see them belonging to us. We must believe that we are the living demonstration of the power and existence of the Spirit of God. To breathe we use this power in us and the air we breathe is filled with this same Spirit of Life. For there is nothing real in the universe but the Spirit of God. The Spirit of God is invisible life, invisible wisdom, invisible love. To know this truth makes us free. Jesus said exactly this. He also said that if we believe this truth we shall be able to do the things that he did and also greater things than he did. Then again, because the Spirit of God is invisible wisdom, this same spirit dwelling within us shall teach us all things. This is the reason I so insistently urge my students to talk to God. The wisdom and guidance we need dwells within us and to use this guidance we must recognize his presence within us.

Cordially your friend and fellow-student,

Frank B. Robinson
