A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

LETTER OF TRANSMISSION WITH LESSON 57

Dear Fellow-Student:

Let us gaze upon the picture of what will exist when the millenium arrives. All the conditions covering the millenium exist here and now. This earth, as we see it, will be changed but that change will be only the elimination of all that seems evil from the face of the earth, leaving all that is good or of God intact and visible. Then we shall all see ourselves and all others as the true individual spiritual beings we really are, and have always been, here on this earth. We, and the earth, seem different because there is no evil left. The real change is the disappearance of all sin, disease, sickness, death, unhappiness, sorrow and all other negative qualities. These are no longer to be seen. Thus our true spiritual selves, perfect beings or individuals, created in the image and likeness of God, will be visible to us and to others. We shall see ourselves and all others in the glorious splendor of perfect health, joyous, beautiful, eternally alive and filled with peace and divine love for each other.

This is heaven, and this heaven takes place upon our beautifully perfect old earth which Nature's God created in all its perfection to be our eternal home. Then shall we see God face to face and that God will be the perfect Good each individual will manifest. Spirit has always manifested as individual, spiritual beings created in God's image, and these beings, true man, are indestructible, changeless, eternal and in harmony with God here and now. If only we could realize and manifest this truth! We shall never leave this earth because earth filled with peace and goodwill is the only heaven there will ever be. The only change to come is the elimination of every form of evil and every negative quality from God's good earth. Then we shall see the millenium.

Cordially your friend and fellow-student,

Frank B. Robinson
