A MOVEMENT OF THE SPIRIT OF GOD ON THE EARTH

Letter of Transmission With Lesson 61

DEAR FELLOW-STUDENT:

As an additional help in your effort to progress spiritually let me make plain just what eternity means. Eternity has always existed and always will exist. What seems to us like time passing is in reality the unfolding to our view of God's perfect ideas. They seem to unfold as we are ready to receive them. All of Heaven would be visible to us at once if we had risen to sufficient spiritual development to be conscious of it. The past is always out of reach. The future is always coming. There always is the great, eternal present in which we live, move, and have our being. That Present is God with whom we are in Heaven. Heaven means harmony. To be in tune with God in this life which by the way is the only life for there is but one life and that life is God. God is Life; God lives now; Now is Eternity. To realize this true existence is to wake up and find ourselves in Heaven here and now. Because we are in Heaven, we possess every spiritual attribute of God. All this truth is disclosed to us when we realize that God is Perfection and we, in God, with God in us, must be perfect. I repeat, Now is Eternity.

Cordially your friend and fellow-student,

Frank B. Robinson
