# "PSYCHIANA"

A MOVEMENT OF THE

SPIRIT OF GOD ON THE EARTH

## LETTER OF TRANSMISSION WITH LESSON 38

Dear Fellow-Student:

In this Lesson we cut at the very root of many orthodox "religions." We explode the theory on which they have tried to stand. But we are not the first to do that. The Presbyterians (Calvinists) brutally murdered Dr. Michael Servetus, not many hundreds of years ago, for issuing a treatise denying the doctrine of the Trinity. Then, when they found out they might have been in error, they later built a monument to him, which monument still stands. But that monument did not bring back life to the brutally scarred body of Dr. Servetus. It shows what religious superstition can do, though. There was a Presbyterian minister of some standing in my home the other evening. We talked for several hours, I believe. At the end of the conversation he agreed to go home and study some of the things I told him. If he does, he will be glad to lay aside some of the things he now believes. He will be glad to exchange them for far more precious truths of God, even though those truths may be foreign to what his denomination teaches. "Why wave a red flag at a bull?" he asked me. I told him a bull was color-blind, and said it was not the fact that the flag was red which enraged the bull, BUT THE FACT THAT IT WAS A MOVING OBJECT. If "PSYCHIANA" were not moving forward so rapidly, none would bother us. But we are moving, and others know it. They also know that once this Teaching is internationally known theirs cannot last. So naturally they are using every means to stop me, regardless of whether I am teaching the truth or not. Well, they have an impossible task. I have things so arranged that this Teaching will continue long after I'm dead and gone, and I'm writing enough Lessons now to insure a five-year supply. But long before five years have gone by, the whole world will be talking about "PSYCHIANA." Keep faithful, beloved. God is very close to you.

Cordially your friend and fellow-Student,

*Frank B. Robinson*
