During the month of October, 1937, we received at International Headquarters here in Moscow, Idaho, more letters from Students telling of the manifestations of the God-Law in their lives than we have ever before received in any one month since we released this Teaching.

We are very happy to report this. It just simply means that more and more people are finding that the Power of the great God-Law actually works in human lives. We have claimed from the very start that this dynamic invisible power of God could be used by men and women here on the earth, and if there ever was a doubt in our minds as to the truth of this statement, it has been very effectually banished by the flood of letters received during the month of October.
