

# TO OUR MEMBERS

It is the duty of all of us to make it possible for as many as possible to receive the glad news of the existence of The Spirit of God in all human lives. Here in Moscow, we go the limit in providing our Lessons to as many as we can, even if some of them are unable financially to reimburse us for them. There was a time not too long ago, when the postage on the Lessons we were giving away was greater than the postage on our paying Members. Then, of course, we had to radically reduce the number of free Lessons being distributed. As you know, the making of money has never entered into this Movement. Operating as heavily by mail as we do, it is absolutely necessary that the burden be borne by Members of this organization. Otherwise, we could not operate and grow as we have grown. Nevertheless I want as manly as possible to receive our Teaching because I know that in that way, the Power of God can be rapidly spread through the earth.

If you know of a family who you believe to be interested in these Truths, and who is really unable to pay for our Lessons, won't you write me a confidential letter giving me the facts? I'd like very much to help that family by sending our Lessons to them without cost. Now you will understand that you will have to use good judgment. If you think my efforts would be wasted, don't write me. But if you believe that the family is deserving, and actually desirous of finding the Power of God, tell me confidentially about that person or family. I'll send the Lessons to them free of charge, enrolling the party in the regular manner, or I'll send them one of our books, also free of charge. I'll do this in as many cases as I can without jeopardizing our credit. We have been doing this for many years, some months sending out as many as 30,000 sets of free Lessons. Of course, you must use your reason. If too many names come in, I cannot agree to send the Lessons or one of the books to them all. But you send me the name and address, with the circumstances, and I'll do the rest.

Cordially your friend and teacher,

*Frank Robinson*
