

"THE PSYCHIANA MEMBERSHIP"

Many requests are received asking for accurate figures on our membership. To give the number of figures is an impossibility, due to several factors. Let us remember that a church is not a building but a group of people who subscribe to a certain belief about God.

Due to the fact that one set of our Lessons is usually read by many people, all of whom hold our beliefs about the Creator, and due to the fact that we do not keep track of the scores of thousands who meet in groups all over the country, and due to the further fact that for years we have asked our members not to write to us, all we can do is to estimate as conscientiously as we can, how many people there are who believe as we do through our efforts.

There have been scores of thousands who have bought our Lessons through used book dealers and book libraries. There are thousands more in penitentiaries to whom our Lessons have been sent over the past 20 years.

Taking the number of registered Members and book-buyers in our files, and making as careful an estimate as we can, it is my opinion that the following of The Psychiana Religion is over one million people in the United States alone, not counting foreign countries. This is but an estimate though. In any event, we are more interested in actual spiritual results than we are in large numbers.
