Dear Member;

We know that you are gradually beginning to understand and recognize the tremendous Power which is available to you through the Spirit of God. Others have passed along the Pathway to God which you are travelling at the present time, and we know that when the actual presence of God is recognized and applied in your life, peace and success in your efforts will be the ultimate result.

To aid you along this wonderful Pathway we have prepared a quarterly magazine called *The Way*. In it you will find such features as Dr. Robinson's regular article to help our members to better understand his potentialities; the editor will contribute his comments on events which have their immediate effects on each one of us; letters from our members all over the U.S. will help you to better understand just what the Power of God is able to do in every life in which it is permitted to operate. Also, articles are included in this magazine by various authors in the field of religion or closely related subjects.

The magazine itself has a handsome leatherette cover, and is printed in a handy pocket-size; 5 1/4 X 7 1/4. Truly, *The Way* contains over 30 pages of inspirational and enjoyable reading, and is an invaluable aid to all of our members.

We publish *The Way* each March, June, September, and December, and a year's subscription is only $1.00. May we suggest you send in the enclosed subscription card today for your next issue of *The Way*? We know you will be glad you did!

Sincerely,

THE PSYCHIANA RELIGION
MOSCOW, IDAHO

Beginning with the June 1949 Issue of "The Way"

we are happy to present the first in a series of four articles on the life and teachings of Dr. Frank B. Robinson, written by a man who knew Frank Robinson as well as anyone. Dr. Marcus Bach spent many hours with the founder of Psychiana and was able to glean many of the innermost thoughts and ideas from Dr. Robinson--thoughts and ideas which very few knew existed.

Many of the personal letters by Dr. Robinson written to Marcus Bach are seen in print for the first time in this series of articles, and a deep insight can be seen of the principles and beliefs of the founder of Psychiana.

Dr. Bach is especially well qualified for this assignment as he is an author and lecturer in the field of religion, and is an associate professor of religion at Iowa State University at Iowa City, Iowa. Those of you who have read "They Have Found a Faith" will appreciate the ability of this man to present a true picture of the subject about which he is writing.

We know that you will not want to miss a single one of these articles about Dr. Robinson. Therefore, we have enclosed a subscription blank and return envelope for your convenience. Mail your remittance together with the subscription blank to us TODAY so that you will be sure to receive THE WAY beginning with the June, 1949, issue.

Sincerely,

Psychiana
