

The "One-a-Day" Club

There are eleven major systems of religion operating on the earth today. They have operated for hundreds, and in some cases, thousands of years. The combined membership of these major systems of religion is one billion, four hundred million. Yet—in spite of this immense number of people all claiming to know and teach God, this world is plunging headlong to destruction, and no one of these eleven systems of religion, nor the whole eleven combined can do anything to stop it. We might just as well look the facts in the face. These millions of people all talk about God. They all profess to know God. Each one of them tells us that their individual system of religion is the only true system, and each one tells us that its own deity is the only true deity. Yet the world, in spite of the teachings of this 1,400,000,000 souls, is in the desperate condition in which we find it today.

We are not criticizing them. We are just saying that they are all utterly impotent to bring to the earth any picture of God which can save it. They've had ample opportunity to do so. They have failed. All of which means that their conception of God cannot possibly be a true conception. For God exists certainly. And certainly too, God is abundantly able to banish war, sin, crime, and all the other allied things which make this earth today an unsafe place in which to live. "PSYCHIANA" is the only Teaching to our knowledge, which is able to manifest the Power of the Spirit of God in human lives, and certainly the record of the past ten years is absolutely unquestionable. God is speaking POWER into human lives, and if this Teaching continues, which it will, it is only a case of time till the whole world knows the present existence of the Power of the Spirit of God. And here's where YOU come in.

I want you to join the "ONE-A-DAY" Club. No fees. No dues. All you have to do is to speak to one person a day, calling their attention to this Teaching, and asking if we may not start the Lessons free to them. That isn't much to ask in the interests of the Kingdom of God, is it? You are a Committee of one, and the success of the Kingdom of God in your locality is in your hands. You probably can speak to five every day, but I'm only asking you to speak to one each day. Then, send us the names and addresses of those good folks you speak to. We will start our Truths to them without charge, and we will send you a beautiful Certificate which you can frame and hang on your wall. It will be a source of constant joy to you, and it will remind you every day that the success of this Message of Power depends on you. In your Lessons you will find a "Friend List." Put the names and addresses of those you speak to on this list, and mail it to us. Do not just think of those you feel "might" be interested, but those you know "are" interested. And there are thousands right around you, who, if you show them one Lesson, will gladly allow you to send their names to us. WE MUST PUT THIS GOSPEL OF THE POWER OF THE SPIRIT OF GOD ROUND THE WORLD IN THE SHORTEST POSSIBLE TIME. A crisis is coming. The Power of God is about to be demonstrated on the earth, and what a glorious thing for you to have your part in it. Write me a letter and tell me you are joining the "ONE-A-DAY" Club, and then, just quietly mention this Teaching among your friends and tell them it costs nothing, and ask if you may not send their name to me so that I may send our Lessons to them. The handsome Certificate will come to you at once.

Yours for the Power of the Spirit of God,

Frank B. Robinson
