*IT'S ABOUT THE MAGAZINE*

As our Students know, Dr. Robinson was compelled to discontinue the "Psychiana Weekly" recently, because it was utterly impossible for him to write every article in addition to his other work. This was a disappointment to many thousands. It was a disappointment to us too. However, we have some exceedingly good news for you. While it still is impossible for us to edit a magazine, you will be pleased to know that you can now read one of Dr. Robinson's articles every month in the "SCIENCE OF MIND" magazine, published by the Institute of Religious Science in Los Angeles. This is entirely a magazine of religious science and New Thought, and you will find it a very wonderful magazine. We are, therefore, inviting all of our Students to subscribe for "SCIENCE OF MIND" magazine and to make it easy for them to do so, we have made arrangements whereby we may take your subscription and forward it to the Institute. Use the following form. Send in your subscription to us now, so as not to miss one issue. The first of Dr. Robinson's articles appears in the December issue.
