Mr. Hugh Fraser,  
Shelby, Montana

My dear Mr. Fraser:

Thanks for your good letter and we were happy to hear from you.

After Dr. Robinson returns from California he will visit other cities so you may have an opportunity to see him sooner than you expect.

After carefully noting your background of preparation and experience and hopes for the future, I want you to remember that there is no limit to what the Power of the Living God can do for you if you apply the Spiritual Truths you absorb from these Lessons in your personal affairs.

Remember the election is over and times are improving, so meet them halfway instead of waiting for them to come to you. Remember, first, last and all the time you are master of your destiny and not the victim of chance.

Please write again just before Christmas and tell of the better days that have already come your way, and may the Spirit of Eternal Peace abide with you forever.

Sincerely your friend and Teacher,

C. W. TENNEY  
ASSISTANT TO DR. ROBINSON

Dr. Frank E. Robinson  
Moscow, Idaho

Dear Dr. Robinson:

It has been over a year since I first enrolled with you, but I'm sorry to say that it has been but the last three months that I began again to read your Lessons, realizing at last the potent power they contain and their mighty truths. "I am now as far along as Lesson Six and I am obtaining a spiritual satisfaction that is beyond words to explain. I have entirely given up drinking, which with this help has not been hard and already I feel like a different man. I do not mean, however, that I have been a habitual drinker, but the social trend these days seem to begin always with a bottle, and now to me it seems very unnecessary and belittling."

You asked me to write you when I need help and this is why I am writing you today. I realize that you have a far deeper understanding of the Spiritual Law than I have since you have learned to understand it and accept it longer than I have. I also realize that to be helped financially I must bring success to pass myself, with my own thoughts. However, in one of your Lessons you state that you have thrown the Mighty Power of the God-Law against difficulties for others and have helped them too because you have a deeper understanding of this Mighty Power than a beginner in the study such as I am at this time.

I am in the oil business and my work has always been a gamble more or less, drilling wild-cat wells, hoping for the discovery of oil. In the spring, when weather permits, I mean to try again and with the knowledge you have given me, I feel certain things are going to be different. However, winter faces me and I am head over heels in debt. I know of a way to overcome them all however, so that I can be free in the spring to do my own work more successfully, and that is by winning one of the Canadian Sweepstakes the 28th of this month. There are no limitations to the Power of the Living God, and I deeply need this help financially. I am reading and studying and concentrating and relaxing every minute I have, but I have only gone through Lesson Six, as I said before, and wondered if you could help me.

I may not have made my point clear to you, but if you have the time, could you write me if you think I need help in my thoughts.

Gratefully yours,

Hugh Fraser
