Mrs. Alfred A. Fuller

Madison, S.D.

My dear Mrs. Fuller:

Thank you very much for your good letter enclosing remittance of \$2.25, and I appreciate this cooperation. The past two and a half years of persecution and prosecution have been very hard ones, and I appreciate it when students keep up their payments as they should.

I probably have answered over the week-end several hundred letters, and I think the vast majority of them tell me the students recognize and know the Truth of the Spirit of God is back of this Teaching, exactly as you told me. There need not be very much of a wait before you discover this Truth. There are only two great outstanding things in this entire Teaching. One is that the Realm of the Spirit of God is a Realm of dynamic, invisible Power which exists here and now for you. The second thing is that you, yourself, are in vital contact with this overwhelming Intelligence even now. If you can grasp that fact and make it a living, vital thing in your life, don't you see that all the Power which created the universe is at your disposal?

The churches like to preach about the holy spirit, but as far as it doing any good to anyone here and now goes, it doesn't. That is just simply because they haven't got the true conception of it. The Spirit of God is a spirit of

life. Absolutely it brought life to this earth in the first place and sustains it moment by moment. If that is a fact and you, yourself, are part of that Life-Spirit, then do you not see how much you can accomplish if you keep quiet enough to let that Spirit of the Living-God work in and through you? That is all I am teaching. There isn't any mystery to it, and students by the thousands all over the world are writing to me and telling me of the actual accomplishment in their own life as a result, not of this Teaching, but of the invisible Power behind it.

So as your Lessons come to you, study them carefully, and if at any time I can be of any assistance to you with these Lessons in clearing up some point, be sure to let me know, for that is what I want to do.

You could be of some assistance to us in spreading this Teaching around the world more rapidly if you would send us the names of friends of yours who you know to be interested in this line of thought.

May the Spirit of Infinite Peace abide with you forever.

Sincerely your friend and teacher,

FRANK B. ROBINSON

Mrs. A. A. Fuller Granted Patent on New Pants Hanger

A patent for a garment hanger was recently granted to Mrs. A. A. Fuller of Madison, according to word just received from Washington. The patent was granted Tuesday and Mrs. Fuller has already received several offers from manufacturers for her invention.

Mrs. Fuller said today that she had received an offer of \$45,000 from a New York manufacturer, who also promised a royalty of 2 cents on each hanger sold. She has not yet accepted any offer received.

Mrs. Fuller, who is employed in the Regan cleaning and tailoring establishment, devised the new hanger, which is used for pants, on a new spring clip principle. Working in the cleaning establishment, Mrs. Fuller noticed that every type of pants hanger now on the market leaves a mark in the cuff of the pants where the usual clamps hold them. Mrs. Fuller's invention has a spring fastener which fits inside the cuff of the pants, preventing creasing and preserving the pressed creases.

Mrs. Fuller said she had not yet decided what she would do with her patented invention. She conceived the idea about a year ago and sent it to patent attorneys about nine months ago. She received her first word of the granting of the patent yesterday.

Dear Friend & Teacher: -

Enclosed find check for
2.25 for Oct. dues on my
course. I study it faith-
fully every day and do the
exercises every night and I
know the Truth is back of
this teaching, some days I
feel that I understand the
whole truth, but somehow
my greatest desire - don't seem
to work out for me.

but since in studying these
lessons I know that most
every thing I do seem to work

out better for me. So I feel
sure that in time my one
and greatest desire will also
work out right. I'm inclosing
a clipping of my problem.
I have had several big
thrills, thinking every thing
was about to turn out right,
-than all of a sudden
something has happened to
stop things from working
out. all because I did not
have the money ready to
stake down, or something
seemed to go wrong.

Perhaps you can tell me
just what is wrong.
I know my surgeon is
good, because he had it
manufactured & tried out,
and every body that have
used it says it is the best

they have seen. but some how
I dont seem to be able
to contact the right firm
to handle it for me.
My main desire is to lease
it to some manufactory
on Royalty bases, and I
know if I could get in
contact with some one that
had the money back of it.
It would go over big,

Sincerely your friend
and student
